

Shoe/Cleat Policy:

Players who are not wearing appropriate footwear will be asked to change or sit out of their game/activity.

Please read below to ensure you will not encounter any problems while playing here at SCOR.

These types of shoes are not allowed:

FG Shoe. A **Firm ground Shoe** is the classic soccer shoe with cleats/studs designed to provide traction and stability on most natural grass, outdoor soccer fields. Firm Ground or molded cleats generally have a series of non-removable PU/TPU/rubber studs that are either bladed or conical in shape.

Example: (Not allowed)

FG/AG Hybrid: Firm Ground/Artificial Grass Hybrid Shoes are designed for acceleration on firm, natural surfaces and artificial grass with multiple cleat shapes and lengths.

Example: (Not allowed)

SG/PSG: Soft Ground and Pro Soft Ground Soccer Shoes are created for soft ground play have longer cleats for added traction on wet, muddy fields. Often, soft ground cleats have metal-tipped and/or detachable studs. The studs on soft ground shoes are also usually varying lengths. Many soft ground boots with their exchangeable and removable studs can be customized for playing conditions and fields.

Example: **(Not allowed)**

AG/HG: Artificial Grass/Hard Ground Soccer shoe usually have a large number of short studs that are evenly distributed across the entire outsole. Artificial grass shoes are pretty similar to firm ground cleats just with a lot more studs that are shorter.

Example: **(Not allowed)**

Shoes Listed Below are Allowed

Indoor Soccer Shoes: An indoor soccer shoe usually has a gum rubber flat outsole. They are created for playing indoor soccer or futsal in a gym or rec facility.

Example: (Recommended)

Turf Shoe: Turf shoes or turf boots usually have an extremely durable, rubber outsole. Artificial turf shoes have small rubber studs or patterns on the outsole to improve traction on hard, natural fields and artificial turf. Turf shoes are also great for soccer training and can be used as a back-up pair of shoes for play on hard surfaces.

Example: (Recommended)

Flat Bottom/Lifestyle/Running Shoes: These shoes have a durable rubber outsole, provide excellent cushioning and feature a breathable comfortable fit.

Example: (Allowed but not recommended, players may experience less grip on turf with these types of shoes)

If you still have any questions on what shoe to wear please Email: Joe@scor-richmond.com or call SCOR at 804-257-SCOR (7267)

Thank You
